

## QUESTIONS FOR HOME READING

These are the types of questions you may like to ask your child while doing home reading.

1. Start on Level 1 questions. If your child can answer these without difficulty, try level 2 questions the next night. And so on until you find the right level for your child.
2. The questions are arranged in three groups: some to ask before reading, some during the story and some after finishing the story.
3. Do not ask all the questions from your child's level every night. Some questions may not suit the story you are reading.
4. Reading and question time together should not take more than 10 minutes each night. The child may become tired and bored if the session takes longer than this.
5. Try using these questions when you talk to your child about other books they have read, videos or television shows they have seen and outings they have been on.
